PROFESSIONAL SUMMARY

Frontend Software Engineer with 7 years of experience building scalable web applications and e-commerce platforms using React.js, Next.js, JavaScript, TypeScript, Shopify, and WordPress. Experienced in frontend architecture, API integrations, performance optimization, and Agile development practices. Currently focusing on AI automation, workflow orchestration, and business process automation using n8n and Zapier to build intelligent, automated solutions.

PROFESSIONAL EXPERIENCE

Feiwin | Senior Web Developer | Independent Contractor | October 2024 - May 2026

- Built and maintained an internal domain management platform using **React.js, Next.js, TypeScript, Redux Toolkit, and Tailwind CSS**, enabling efficient bulk domain creation, updates, and deletion through a centralized interface.
- Integrated Cloudflare APIs to automate DNS record configuration, cache purging, and domain provisioning workflows, reducing manual administrative tasks and improving operational efficiency across multiple projects.

Wbridges Manpower Corp | Senior Web Developer | Jan 2024 - October 2024

- Develop responsive web applications using **React.js, Next.js, Typescript, Redux Toolkit, and Tailwind**.
- Collaborated with backend, iOS, and Android developers to integrate REST APIs, ensuring seamless data synchronization and consistent user experiences across web and mobile applications.
- Maintained and enhanced existing web applications by implementing new features, resolving bugs, and optimizing application performance based on business and user requirements.

Vesta | Software Engineer | Oct 2022 - Jan 2024

- Developed and maintained internal dashboards and customer-facing web applications.
- Collaborated with product managers and stakeholders to deliver scalable frontend solutions.
- Maintain and add features requested by the Product Owner (PO), Product Manager (PM), and senior stakeholders.
- Work closely with backend developers and product managers to gather requirements and handle bug fixing.

Dotdigital Philippines | Consultant Web Developer | Oct 2022 - Jan 2024

- Provided web development consulting and technical oversight for the company
- Evaluated and mentored newly hired developers to ensure code quality and project alignment

Dotdigital Philippines | Web Developer | Aug 2019- 2022

- Developed and maintained 10+ WordPress and Shopify websites for clients across multiple industries.
- Implemented robust security measures and conducted regular updates to protect websites from vulnerabilities.
- Utilized technologies such as HTML, SCSS, Liquid, PHP, Bootstrap, Tailwind CSS, React.js, and Gatsby.js to build responsive and dynamic websites.

Fiverr | Freelance Web Developer

- Specialized exclusively in WordPress-related projects on Fiverr.
- Provided bug fixes, troubleshooting, and quality assurance for client projects.
